

The 1st International conference on Ecotechnologies for controlling non-point source pollution and protecting aquatic ecosystem (ENPE-2017)

March 26-28, 2017, Nanjing, China

Dear Colleagues,

We are pleased to announce that the **1st International Conference on Ecotechnologies for Controlling Non-point Source Pollution and Protecting Aquatic Ecosystem (ENPE-2017)** will be held in **Nanjing, China** on **March 26-28, 2017**.

In last decades, the high fertilizer input has resulted in the surplus of nitrogen and phosphorus in farm fields and thus the non-point source pollution. However, significant progress has been made in the ecotechnologies of non-point source pollution control and the remediation of natural waters. We therefore aspire to making such an interdisciplinary meeting to stimulate discussion and exchange of ideas in non-point source pollution control and aquatic ecosystem protection. The ENPE-2017 is expected to have 200 participants from over 20 countries and regions including the US, UK, India, Australia, France, Germany, Canada, Israel, South Korea, Japan, Thailand and China.

ENPE-2017 provides an exciting program of featuring plenary & keynote presentations, oral presentations and poster sessions. Conference themes include:

- ◆ Fundamental issues of non-point source pollution control
- ◆ Ecotechnology for non-point source pollution monitor and treatment
- ◆ Retention and purification of non-point source wastewater
- ◆ Reuse of non-point source wastewater
- ◆ Treatment and reuse of runoff
- ◆ Treatment of agrowastes
- ◆ Control of specific wastewater
- ◆ Bioremediation of surface waters
- ◆ Ecosystem restoration

■ Call for Abstracts

The ENPE scientific committee seeks abstracts for high quality oral and poster presentations. All submitted abstracts will be peer-reviewed and the acceptance details will be communicated by email. All accepted abstracts are encouraged to submit to a special issue of Bioresource Technology as a full length paper. Abstracts need to be submitted via On-line Registration Program.

■ Important Dates

Deadline of Early Bird Registration: **January 31, 2017**

Deadline of Abstract Submission: **February 10, 2017**

On behalf of the Organizing Committee, we warmly invite you to attend this special event. Please visit <http://enpe2017.csp.escience.cn/> and email us at ENPE2017@163.com for more detailed information of registration, sponsorship and accommodation.

Best regards,
ENPE-2017 Organizing Committees
